Guided visit of the village of Les Baux-de-Provence – Groups - 2022

To discover the richness of its heritage and understand the tumultuous history of the village, the Tourist office of les Baux-de-Provence proposes **guided visits of the village*** for groups (reservation required). These visits are addressed to all kinds of audiences (senior, pupils, seminar, etc). However, **all the streets of the village are paved and on a slope, or entail stairs**. Thank you to consider it in order to enjoy your guided visit (plan comfortable shoes, water and clothes according to the season). This visit is not adapted to people of reduced mobility, who have difficulties to walk or on a wheelchair. It is pedestrian and mostly happens outside.
